Leo Bennett Bound Over in Rape Case

Leo Bennett, about 40, of Bay St. Louis, was bound over to the grand jury without bail Monday morning by Beat 5 Justice of the Peace Melius Rhodes after a hearing on charges of rape.

Bennett is charged with raping a Bay St. Louis woman between 5 and 5:30 a.m. Sunday at her home during her husband's absence, Sheriff Gerald V. Price said. The couple told him they were a friend of the family and had come to the house Sunday morning saying he had been drinking and asked the husband to let him in. He was picked up by police that he had recently been arrested for drunken driving.

The husband said he was preparing to leave for National Guard duty but having known Bennett for many years told his wife to let him in. The attack occurred after the husband left, according to statements taken by Price and District Attorney Royce Holleman. The woman said Bennett threatened other members of her family and forced her to accompany him in his car. She said she suggested they go to a fishing camp on Bayou City because she knew the proprietor's wife and could get help there. When they reached the vicinity of the camp, she said, he jumped out of the car and ran into the camp.

Bennett was arrested at his home Sunday night by Deputy Sheriff Gerald V. Price Jr., Robert H. Coleman and Roland LaFontaine. When brought before Judge Rhodes this morning he was advised by Sheriff Price he could obtain a lawyer, stand trial or waive the hearing. Bennett, obviously shaken, said "I don't care what you do to me," he said he was sick and Price summoned a doctor.

Storm Causes Trouble

South Waveland and Clermont Harbor were without lights and power Thursday night for about two hours.

Two 12,000 volt primaries, or main power lines, were cut by lightning just south of Oak Street, leaving the communities in darkness.

According to Homer Gregory, manager of Mississippi Power Co. in Bay St. Louis, the two damaged lines were feeders to Clermont, and a line crew had to be called out to get the lines repaired and up again.

North Waveland residents had their power restored within an hour in a half after the failure. Gregory said the linemen were able to open switches south of Oak Street which gave power to some but not all Waveland residents.

Harold Shumack, manager of Coast Electric Power Assn. said they too received considerable damage from the electrical storm.

Gayle Parker To Represent Legion

Miss Gayle Parker of Bay St. Louis will represent Mississippi in the American Legion national convention parade in Miami Beach, Fla., on Oct. 17. Miss Parker was recently crowned queen of the Gulf Coast Deep Sea Fishing Regatta.

ROADSIDE DUMP - Dumping such as this at Engman and Thomas Streets in Cedar Point caused the county board of supervisors to invoke the state law against dumping at a meeting Monday.

Board Moves On Random Dumps

Because of numerous complaints of garbage and debris dumping on city and county streets and roads, the board of supervisors voted unanimously at its recessed meeting Monday to notify the public through legal notices in local newspapers that such persons would be arrested and fined according to law, not less than \$5 nor more than \$25.

Board President R. G. Hubbard Jr. said a dump had been provided in the rear of Jackson Ridge in the vicinity of Beach Boulevard and the line between Clermont Harbor and Waveland and dumping on any public streets or roads was prohibited under

Water Needs, Insurance Due for Study

An inspector for the State Rating Bureau will be in the city soon to pinpoint the city's needs and to upgrade the insurance classification of Bay St. Louis.

At a recent meeting of the city's water and sewerage board it was decided that a survey and re-classification of the city's water works would be necessary before further steps could be taken with the proposed new water works and sewerage system.

In that respect, a letter was received by City Commission Council from consulting engineer William E. Johnson of Jackson stating that Mr. Maize of the State Rating Bureau will visit Bay St. Louis near the end of the month to make the survey necessary for re-classification.

Council also has announced Westinghouse Electric Co. was awarded the bid on a W7D electric cooler, which will produce seven gallons of ice water per hour and which will be installed at City Hall. The bid totaled \$151 FOB Bay St. Louis.

Fire, Mishaps Occur

Fire believed to have been caused by explosion of a hot water heater demolished the summer home of Mr. and Mrs. Fred King of New Orleans on U. S. 90 across from Bear's Candy Shop, outside the limits of Bay St. Louis Sunday.

The fire was first noticed at about 7 p.m. by Mr. and Mrs. King who were working in the front yard. King said he called the Bay St. Louis fire department but they said they could not answer a call outside city limits without authority of the mayor or a city commissioner. When the fire engine arrived, the fire was out of control and the house was a total loss.

A county truck driven by Richard Johnston, 208 St. Francis St., Bay St. Louis, overturned on Lakeshore Road Saturday about 2:30 p.m., cutting a Coast Electric Power pole in half.

Johnston was on his way home from work on a state aid project when the steering section of the truck came loose, causing him to lose control of the vehicle.

Boy Shot by Accident in Melon Patch

A 10-year-old boy was accidentally shot by a neighbor while playing with some other children in a watermelon patch on a farm near Kiln Tuesday, Sheriff Gerald V. Price Jr. said today.

Gregory Presnell Depree, son of Mrs. Estelle Depree who is employed by the county superintendent of education, was hospitalized after having been wounded by a shot from a 20-gauge shotgun fired by Capt. R. C. Herron about a half mile north of Kiln. About eight No. 6 shots were removed from the boy's chest, arms and legs, and he was reported in good condition today.

Price said Herron told him he had been having trouble with coons in his cornfield and watermelon patch and had seen the animals on several occasions recently. About 4 p.m. Tuesday he saw something move in the grass and weeds around his garden and when the boy raised his head the dark hair resembled a coon and he fired from a distance of about 125 feet. When he heard the boy cry out he ran to his assistance and rushed

Double Dedication Held at St. Clare's

An impressive crowd of friends and parishioners were on hand Sunday at 5 p.m. for the double dedication at St. Clare's Catholic Church.

The church's first stained glass window, dedicated in memory of Mrs. Claudia Carrere, was purchased through the contributions of parishioners and friends of Mrs. Carrere. The Rev. M. J. Costello, pastor, who officiated at the services, spoke highly of Mrs. Carrere and of her ardent work for the parish.

Parking Motors Not Enforced Wed. P.M.

Pending amendment of Ordinance 140, concerning the use of parking meters and parking meter zones, city police have been instructed by the City Commission Council not to enforce the ordinance on Wednesday afternoons. Businesses are not in operation on Wednesday afternoons and the council feels that the situation may be treated as a Sunday or holiday.

Salaries Set For Faculty

On a 3-0 vote with one member abstaining the county board of education last Thursday night approved teacher's salaries for the 1960-61 session with an across the board \$100 increase as recommended by Superintendent K. G. McCarty. Total bill is \$134,595 against \$118,288.33 last session.

Bus drivers also were named for the system and the pay was hiked to \$80 a month for adults with a mileage allowance to be provided on longer runs and \$35 for school youths.

Both the bus driver and teachers' pay motions were offered by Trustee S. P. Powell, Lugis Necaise seconding the latter. Alton Keller from Beat 2 abstained from voting and Mrs. C. C. McDonald, presiding in the absence of President Charles Murphy, pondered at length before saying aye.

"I don't appreciate the attitude of the superintendent," Mrs. McDonald declared after voting. "I believe the board should set the salaries." Keller remarked that that is the law, McCarty replied that he thought all should work together as he saw it. "We don't see it the same way as you do and it does not set very well with me," she countered.

Waveland Will Purchase Water System, New Map

An incorrect street location, purchase of the water system in Gulf Gardens and of an up-to-date map of the area plus minor items occupied Waveland's board of aldermen Tuesday night.

Surveyor J. Roland Weston by letter informed the board that the part of St. Anthony Street running to the southeast from Jeff Davis Avenue was located 75 feet west of its proper position. Weston had been employed at an earlier meeting to make the survey.

Open House Set Sunday At Seminary

The newly completed faculty building at the Divine Word Seminary will be opened for public inspection from 2 to 4 p.m. Sunday, the Very Rev. Harold R. Perry, S.V.D., head of the seminary, has announced. He is inviting all interested persons to attend the open house.

The 2-story brick building was completed in nine months after work began Nov. 2, 1959. At that time the contract for construction was awarded to McClelland Building Services of Gulfport in competition with 10 other building firms.

Outstanding features of the building include its spacious chapel, recreation room, library, rooms and parlors. Besides affording living quarters for the seminary's entire faculty and occasional guests, the building contains a private suite, with offices, for the provincial and the rector. A suite also has been reserved for the visiting bishop. Living quarters have been provided on the ground floor for

Coach James Johnson whose Hancock North Central basketball squad last winter won the overall state championship Tuesday resigned the post in disagreement over the \$100 raise voted him for the 1960-61 session.

Johnson was packing up this morning and heading for his home at Morton in the hope of finding a teaching position there. He said he had no immediate prospects of another job although the Necaise boys, won state and national recognition after capturing the state B-BB title in its first year of competition and then trounced the A-AA championship Clinton squad for the top position.

Superintendent of Education K. G. McCarty said today he had no plans at present about filling the basketball coach post. He said Johnson was the only teacher to complain about the \$100 increase approved by the board of education last Thursday and had quit orally. McCarty said he had offered to pay lights, water and gas in addition for the coach.

Johnson last year got \$4,000, of which \$3,000 came from state funds. This year he was offered

\$4,100 with his A certificate. He told the Echo he felt he was entitled to a \$350 raise, \$250 as the state share of the hike for A certificate teachers and \$80 as the increment for five years of teaching. He complained that the figure offered amounted to a cut in pay for coaching.

The coach informed the basketball team of his decision Monday night. Sources close to the boys said they were quite upset and one of the star players burst into tears when Johnson told them he was leaving. He coached at the old Kiln School in 1958-59 and prior to that was at Ringgold in Scott County.

Johnson Quits In Pay Protest

McCarty observed that Johnson was "a pretty expensive baby" at North Central and said he felt the coach was getting more than he was worth to start with. He noted that Truman Schultz, the football coach who "was born and raised in this county," only got \$3,600 last year and Johnson came in from elsewhere and collected more. Schultz was voted a \$400 raise.

Waveland Will Purchase Water System, New Map

The superintendent indicated he believed Johnson may have gotten additional money last year from the school's athletic fund, remarking that it paid for his travel, food and the like on basketball trips. He recalled that an audit of the fund by Warren Carver showed it to be in a confused state and criticized Johnson's friendship with R. E. Webb, former North Central principal who McCarty did not recommend for reappointment.

Some of the dissension centered around the pay of North Central High School coach and teacher James Johnson. McCarty suggested the school's athletic fund should be used to pay part of Johnson's salary, adding he was getting \$100 more than last year, but trustees disagreed with this use for the fund. Powell said he thought of Johnson as the head coach with the others working with him. McCarty replied that the principal, Leo Rouse, should work that out, adding that he never heard of a basketball coach being head coach, that title always going to the football coach.

"We don't see it the same way as you do and it does not set very well with me," she countered.

Some of the dissension centered around the pay of North Central High School coach and teacher James Johnson. McCarty suggested the school's athletic fund should be used to pay part of Johnson's salary, adding he was getting \$100 more than last year, but trustees disagreed with this use for the fund. Powell said he thought of Johnson as the head coach with the others working with him. McCarty replied that the principal, Leo Rouse, should work that out, adding that he never heard of a basketball coach being head coach, that title always going to the football coach.

Mrs. McDonald reiterated her plea for another teacher at Gulfview School so that Principal Paul Laphere would have time

from work on a state aid project when the steering section of the truck came loose, causing him to lose control of the vehicle.

A neighbor was first on the scene, followed by Deputy Sheriff Roland LaFontaine and Norvin Penrose. Johnston was admitted to be emergency room of Hancock General where he was treated by Dr. R. L. McKinley Jr. for a sprained shoulder, and immediately released.

No damages to the car, other than repairs to the steering section, are estimated.

No injuries resulted from a three-car accident on U. S. 90 about a mile west of the

Pipe Dream Profits

Probably at no other time in the history of the country have there been so many wild schemes hatched to make easy money.

Every day some new project is sprung or device developed that will make it easier and less expensive to shoot the moon. Every day we are offered some tempting speculation with the promise of quick profits. There is nothing new in the idea that there must be a much easier way to make money than to strive for it.

There have been many financial pipe dreams in days gone by, for there are many unsuspecting souls who still believe that there really is a pot of gold at the rainbow's end. Every succeeding generation pursues get-rich-quick schemes that promise fantastic profits without effort, and we will always have our plungers.

But in speculative times, when the financial fever runs high, and the pipe dreamers, who live by their wits, have strange visions of big returns on a little money,

it is good to go conservative, it is well to be safe and secure. Remember, the bigger the profits, the greater the risks.

Some things are sure in this life, but nothing is less sure than what is called a "sure thing," especially the one in which we expect to make our killing.

Among satisfying investments, you will find a savings account at your bank safe and secure--yielding substantial interest, paid semi-annually. It is not guaranteed to make you rich overnight, but when you go to bed you will lose no sleep worrying over your nest egg or accumulations.

Resist the temptation of unreasonable profits and prosper. Men have learned through the ages that there is no foolproof scheme to make quick money--so far man has found no good substitute for industry and saving as a way to wealth.

Hancock General Hospital was excellent and efficient but something should be done about water standing in the parking area. All members agreed the situation was not good and said the contractor would be notified.

Mrs. Yvonne D. Fricke, keeper of the county home, complained water pressure at the home was extremely low and suggested a line be run from the hospital. She also told of a recent tubercular case and suggested that before a person enters the home he be x-rayed by the county health department.

Mrs. Fricke also said the home's washing machine was broken. Hubbard said the board had considered purchasing a new washer and dryer but Earl Raymond, local appliance dealer, said he had sold the machines to the county and thought he could fix them.

A request from a local motel operator that his personal property assessment be raised was considered. Hettzmann said the state office had recommended \$400 per unit for furniture and appliances. The board recommended an assessment of 75 per cent or \$300 per unit.

Transfer of one-half the balance in the severance fund, after deduction of amount owed for educational purposes, to each heat equally was approved.

At a recess meeting this morning, Curtis Stubbs requested the board to abandon Wilson Street, a road in the Avenue Subdivision on Felicite Street. Hubbard explained that express permission of all the residents on either side of the street must be obtained before the board could consider its abandonment.

A \$100 contribution was voted to the County 4-H Club Fund, on request of Charles Smith, assistant county agent. The club plans to start a sponsorship drive next year which should relieve the county of some of its burden.

Assessment on a home owned by Emilio Labat was reduced making taxes payable total \$21. The board, taking into consideration that the owner has been dead four years and his widow is unable to maintain the payment, moved that the assessment be reduced.

Superior will also be taken by the board to effect some sort of drainage system that will remove excess water from the drive in front of Hancock General Hospital.

Ladner, Glover Return from FPC Hearing

Waveland's Mayor Garfield Ladner and Bay St. Louis City Commissioner of Utilities J. Cyril Glover flew to Washington, D. C., last Tuesday for an oral hearing conducted by the Federal Power Commission on proposed rate increases in cost of natural gas. Five increases are in effect under bond.

Representatives of Texas Gas Transmission Corp., Mississippi River Fuel Corp., the city of Memphis, Memphis Light, Gas and Water Division of the Mississippi Valley Gas Co., Wilmet Gas and Oil Co., United Gas Improvement Co., and Southern Natural Gas Co., as well as representative from United Gas Pipeline Co., appeared before three examiners of the Federal Power Commission to plead their cases.

"We were more or less speculators," said Glover. "Almost a million dollars in lawyer-power were there to plead our side of the case."

Carter Tops Stieffel Team

Carter defeated a weakened Stieffel softball team last night on City Diamond 19-2 in the nightcap. Stieffel lost several of its players when outfielder Henry Noto ran into a light post and was knocked unconscious, manager Bert Stieffel and two other players going to the hospital with Noto. He was reported in good condition today and was able to go home.

In the opener Bankston edged Kila 6-5 to move ahead of Kila in the standings in seventh place. Tomorrow night Carter plays KC in the opener and Youth Center tackles Coast Electric in the nightcap. Monday, Kila vs. Tramp and Bankston vs. Stieffel. Friday, Carter vs. Youth Center and KC vs. Regal.

Pascagoula Youth Apprehended Here

A Pascagoula youth admitted stealing a motor bike in Pascagoula and riding it to Bay St. Louis after he was apprehended while stealing gasoline from a truck on U. S. 90 near the Bay Monday.

Deputy Sheriffs Gerald V. Price Jr. and Roland Lafontaine said they arrested Sammy Miller, about 17, when he was apprehended taking gasoline from a truck belonging to Earl Garcia of U. S. 90 a short distance west of Bay St. Louis. He was turned over to the Jackson County sheriff who said the boy had just been released from Columbia Training School.

Wool Grower Groups Set Dates for Sale

The South Mississippi Wool Growers Assn. and the Deep South Wool Growers Assn. will hold their annual sales on July 27 and 28 respectively.

South Mississippi's sale will be at Poplarville, with clear wool going at \$1.17, and other grades accordingly. Deep South will grade and load at Wiggins, with clear wool going at \$1.13.

Wool should be packed separately according to grade in seven foot wool bags. Further information may be obtained by calling the county agent's office, HO 7-4631.

Salaries...

(Cont. from Page 1.)
Oris Harris and Dan Frederick. McCarty reported that the State Department of Education had approved two of the four bus routes put out for private contractors' bids and stated that if the others came down to \$350 they could also be awarded. Powell moved to resubmit the bids for approval at \$375, noting the state did not want the first prices given.

The board recessed until 9 a.m. Saturday when it is scheduled to study the 1960-61 budget which was due in Jackson July 15. The superintendent said this morning he did not expect to run at the meeting and noted that the board in no longer required to sign the budget so he did not expect to present it. It was in the process of being typed to send to Jackson, he added.

Returns Home

Mrs. J. B. Coleman has returned home from New Orleans where she underwent surgery at Baptist Hospital.

HOT ROD - This car, driven by Lamar Lader about 20, was subject of a chase Saturday night when Deputy Sheriff Robert H. Coleman saw the vehicle traveling east on U. S. 90 and finally stopped and arrested Lader at the head of the Bay bridge. He was charged with speeding, no driver's license and improper license tag.

COUNTY TRUCK WRECKS - Smooth front tire shows on the front of this county truck driven by Richard Johnston of Bay St. Louis which went out of control and overturned on Lakeshore Road last Saturday.

Ball Player Knocked Out In Warm-Up

Henry Noto, 16-year-old son of Deputy Sheriff Pete Noto, was knocked unconscious last night when he ran into a light post while attempting to catch a fly ball at City Ball Park.

Noto, playing outfield for the Seaford team, was catching flies during the warm-up period before the Seaford-Carver game when the accident happened. He was given emergency first aid by Gene Tarzetti, a former coach for Sacred Heart School in New Orleans, and was taken to Hancock General Hospital by Perini ambulance where he was treated by Dr. Frank L. Schmidt. He was released at 2 p.m. today.

Jr. Sheriffs Win

Sparked by the fine pitching of Sylvan Lader and solid hitting of Danny Kranke the Junior Sheriffs beat 7-Up 10-7 in Little League baseball yesterday afternoon. Kranke got two for three. Lader was winning pitcher, Pat Cullen loser.

Jitney Delegation Attends Convention

J. R. Scharff, proprietor of the city's Jitney Jungle supermarket, and several of his employees attended the 29th Jitney Operators' Convention held at Edgewater Gulf Hotel last Sunday through Tuesday. Jack Baum, Henry Lang, Jesse Gray, Red Saucier, R. J. Garcia, Dot Wiedman, Margaret Dehan, George Allison, Carl Strauss, and others attended the various business meetings and social activities provided for the convention.

MMA Intervenes In Power Case

On authorization of its executive committee the Mississippi Municipal Association intervened in the pending suit between the Public Service Commission between two cooperative power companies and Mississippi Power and Light Company, according to Mayor John A. Scalfide.

Mayor James L. Ballard of Tupelo, president of the association, said his organization was neither for nor against any party to the suit but that the right of a city to award a franchise was involved and that the right to determine who should serve the citizens of a municipality must remain with the citizens and officials of a municipality.

Home Agent Notes

By MARCIA HUGHES

You are a wife and mother who works away from home. But your neighbor is a full-time homemaker. Which of your two families get the foods they should have?

A wife's working outside the home seems to have little effect on the nutritive value of her family's food. That is the finding of a recent U. S. Department of Agriculture survey.

But the wife and mother working away from home does affect food costs. In general working wives spend more for food and choose more expensive types of foods. They spend about 56 cents more for each person on weekly food supplies than did families with similar incomes in which the wife was not employed.

NO MORE DARK PEACHES

Yes, dark peaches can be a problem when you are preparing them for freezing. But you can solve the problem with ascorbic acid.

When you pack your peaches in sugar syrup, add one-half teaspoon ascorbic acid to each quart of syrup.

If you use a sugar pack, use one-fourth teaspoon ascorbic acid to each quart of prepared fruit before you add the sugar. Either sprinkle the ascorbic acid over the fruit in dry form or mix with one-fourth cup water and sprinkle over a quart of fruit.

KEEP GOOD CREDIT

What does the retail credit bureau know about you? Only what you tell them. Of course, you don't tell them in person. Instead you tell them by the way

you handle your credit obligations, including your charge accounts.

If you've ever requested or used credit to any extent, your name is probably in the files of a credit bureau. This bureau collects credit information about people who wish to borrow money, buy on the installment plan or open a new charge account.

This information is a service to both merchants and consumers. Credit would be much harder to secure without the services of credit bureaus.

Be sure you always "tell" the credit bureau good things about yourself. The first step to good reports is to plan for charge and installment purchases carefully and to include them in the budget.

Pay all bills when due and you'll have no trouble in maintaining a good credit rating.

Clerk and Tax Assessor Du-four read the reply of Attorney General Joe T. Patterson to his letter asking whether property taxes could be assessed against camps and similar property owned by churches. Patterson's letter quoted Section 9697, subsection d, of the Mississippi Code of 1946, which prohibits property taxes on church owned property not operated for profit and concluded that it was a factual matter for the aldermen to determine.

Formation of a Civil War Centennial Commission, as suggested by a letter from Gov. Ross Barnett, was postponed for future consideration as was any action concerning junk yards.

The mayor, as head of the gas and water system, was authorized to purchase a Fairbanks-Morse motor for standby use on the town's main well, while three building permits totaling \$6,000 were approved. The permits, all in Ward 3, were issued to P. Taramo for a house, \$5,000, to William J. Pepperman Jr. for an

Alderman Anthony Bourgeois asked the mayor to have ditches on some streets in his ward cleaned and the mayor said he would as soon as labor was available, saying that garbage collection occupied most of the town's workmen three days a week.

Present for the meeting were Aldermen Bourgeois, Souler and Grass, Mayor Lader, Clerk Du-four and Town Marshal Fred Bourgeois. The board adjourned until its next regular meeting Aug. 2.

Town Marshal Fred Bourgeois reported one traffic accident last weekend in Waveland. Mrs. Gloria LaFontaine, driving her car down Beach Blvd. at 11 a.m. Sunday, struck from behind a pick up truck driven by Roland Weston.

There were no apparent damages to the truck, but Weston was taken to Hancock General for observation.

Building Permits

Building permits issued from the office of City Commissioner of Utilities J. Cyril Glover for the week ending July 20 amount to \$56,300. They are:

MINUTES BOARD OF SUPERVISORS

JUNE TERM 1960

BE IT REMEMBERED that a regular meeting of the Board of Supervisors of Hancock County, State of Mississippi, was held at the Court House in the City of Bay St. Louis, Mississippi, on Monday, June 6th, 1960, at 9:00 o'clock A. M.; There being present R. G. Hubbard Jr., President; Chas. A. Russ Jr., I. M. Frierson, Charles Lavinghouse and James Nease, members; Gerald V. Price, Sr., Sheriff and C. J. Lachner, Clerk of the said Board.

CONTRIBUTE TO THE NATIONAL GUARDS

Upon motion of Supervisor Nease duly seconded by Supervisor Russ the Clerk of this Board is hereby authorized and directed to issue warrants in the amount of One hundred (\$100.00) dollars, payable to the National Guards of Hancock County to be out of the General County Fund as a contribution.

Said motion was unanimously carried by the Board.

RAISE SALARY OF JANITOR

Upon motion of Supervisor Lavinghouse duly seconded by Supervisor Frierson that the salary of Roland Lafontaine sr., Janitor, be raised from One hundred seventy-five dollars to One hundred ninety-eight dollars per month and to be effective beginning as of June, 1960.

OPEN AND HOLD OVER BIDS FOR DRAGLINE, DIST. #3

WHEREAS, on the 9th day of May, 1960, at 1:30 P.M. advertisement for bids to purchase a dragline for the use of District Three, Hancock County, Mississippi, and WHEREAS, said bids were received from Allied Equipment, Inc. and Southern Equipment Sales, Inc., were opened and read to the Board, and

WHEREAS, motion was made by Supervisor Lavinghouse, duly seconded by Supervisor Frierson and unanimously agreed by the Board that said bids be held over for further consideration by this Board.

ACCEPT BID OF DEMENT PRINTING CO. FOR TAX RECEIPTS

Upon motion of Supervisor Russ duly seconded by Supervisor Lavinghouse that the bid of Dement Printing Company for furnishing for the use of the Sheriff's office, Tax Receipts, in the following words and figures, to-wit:

Dement Printing Company
Meridian, Mississippi

Han. Board of Supervisors
Hancock County
Bay St. Louis, Miss.

Gentlemen:

In response to your inquiry, we are pleased to quote:
30 Books Realty Tax Receipts, 500 to book - 1 Book Realty Tax Receipts, 200 to the book - 1 Book Personal Tax Receipts, 525 Receipts to book - 25 Books Full Tax Receipts, #1 - 7,000 - All as per specifications furnished - All for \$967.00
We thank you for the inquiry and hope to be favored with your order.

Very truly yours,
DEMENT PRINTING COMPANY
By: J. C. DEMENT

Said bids appearing to be the lowest and best bid, it was unanimously accepted by the Board.

PAY ROGER HEITZMANN, COR. TRACTOR CERT #4 (FINAL) ON HEALTH CENTER

Upon motion of Supervisor Lavinghouse duly seconded by Supervisor Russ the Clerk of this Board is hereby authorized and directed to pay Roger Heitzmann, Contractor for the Hancock County Health Center, Certificate No. Four (Final), in the amount of Two Thousand, Five Hundred Three dollars and fifteen cents (\$2,503.15), out of the Health and Sick Fund.

Said motion was unanimously accepted by the Board.

EXEMPT FROM COUNTY TAXES MANKEL INDUSTRIES AND MONITOR PANEL

There came on for consideration the matter of an exemption from County taxes for Mankel Industries and Monitor Panel and upon motion of Supervisor Lavinghouse duly seconded by Supervisor Frierson that the Clerk of the Board transmit a certified copy of this order to the State Aid Engineer.

By: R. G. HUBBARD JR., President, Board of Supervisors Hancock County, Mississippi

mentioned Industries both be given County tax exemption for a period of five (5) years as provided by statute with a five (5) year period to begin with the calendar year 1953, and that the Tax Assessor not back assess these two Industries for the preceding two (2) years.

The motion for the adoption of the foregoing by Supervisor Frierson and unanimously accepted by the Board.

ACCEPT BID FOR DREDGING AT BAYOU CADDY

There came on for consideration the matter of the L. P. Davis Construction Company, Inc., for the dredging of the channel at the mouth of Bayou Caddy and the Board having duly considered the matter finds that it had received said bid at its May meeting, but that the bid was taken under advisement while awaiting a permit from the U. S. Corp. of Engineers and that said permit has now been received by this Board.

The Board further finds that the bid of said construction company in the amount of Three thousand, Five hundred (\$3,500.00) dollars, was the only bid received and that said bid is fair and reasonable.

Whereupon Supervisor Russ moved that the bid of L. P. Davis Construction Co., Inc., for the dredging of a channel at the mouth of Bayou Caddy in accordance with specifications on file with this Board be accepted.

The motion for the adoption of the foregoing by Supervisor Lavinghouse and unanimously accepted by the Board.

ACCEPT SUB-CONTRACT

Upon motion of Supervisor Lavinghouse duly seconded by Supervisor Frierson the Sub-contract from Bush and King Construction Company to L and A Construction Company in the amount of Twenty Four Thousand, Eight hundred dollars and ten cents (\$24,810.10) was unanimously accepted by the Board of Supervisors of Hancock County.

TRANSFER \$2,000.00 TO HOSPITAL ROAD FUND

Upon motion of Supervisor Frierson duly seconded by Supervisor Lavinghouse the Clerk of this Board is hereby authorized and directed to transfer Two Thousand (\$2,000.00) dollars out of the Seawall Maint. Fund payable to the Hospital Road Fund for repairs and curbing, etc. to the road to the Hancock General Hospital pursuant to Local and Private House Bill #997, Laws of Mississippi, 1960 Regular Session.

Said transfers are to be made as needed up to the amount of Ten Thousand (\$10,000.00) Dollars. The motion was unanimously accepted by the Board.

CARE OF MRS. ALMATINE MORAN

Upon motion of Supervisor Lavinghouse duly seconded by Supervisor Nease that Mrs. Benjamin Dedeaux be allowed the sum of Thirty (\$30.00) Dollars for the care of Mrs. Almatine Moran in the place of Mrs. Archie Wheat.

The motion was unanimously adopted by the Board.

ADOPT REVISED STATE AID ROAD SYSTEM

WHEREAS, the Board of Supervisors of Hancock County did on the 9th day of October, 1950, adopt a System of State Aid Roads for said Hancock County, which system was approved by the State Aid Engineer, and

WHEREAS, this Board of Supervisors desires to revise this System of Roads by adding a section of road to the system known as the Texas - Flat Road, beginning in NE Corner of Section 21, T 7 S, R 16 W on FAS Route 126, and extending southeasterly to a junction with the Kiln-Bay St. Louis road (FAS Route 107) in N. W. corner of Section 6, T 8 S, R 14 W, and to delete the Leetown Road and the Smith Road from the system, and

WHEREAS, the State Aid Engineer has furnished this Board with a copy of the proposed revised system, the revision date of which is June 1, 1960, and incorporating the above revisions,

NOW, THEREFORE, IT IS ORDERED by this Board that this revised State Aid Road System for Hancock County dated June 1, 1960, be adopted and that the Clerk of the Board transmit a certified copy of this order to the State Aid Engineer.

FAMILY PUTS 2,000 MILES A MONTH ON CORVAIR THINKS IT'S MARVELOUS

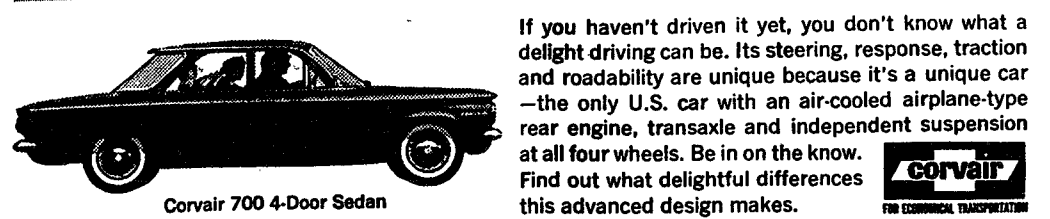

GAS MILEAGE "OUT OF THIS WORLD"

Mr. and Mrs. Richard Kahelin of Plant City, Florida, couldn't be happier with the way their new Corvair has worked out as a combination family and business car. On their newspaper distribution route alone they travel more than 400 miles a week over all kinds of roads. Little wonder they're so pleased with the gas mileage they've been getting—"at least twenty-three miles to the gallon with an automatic transmission . . . and we've had no trouble with our Corvair." The Kahelins have equally good things to say about Corvair's easy-going comfort and unique convenience features. They especially like the way the fold-down seat doubles as a built-in baby sitter.

BEAUTY TIPS
by Mercedes Spahr

"SECOND GLANCE" Hair Helps. Ever see a man who didn't have a special gleam of pride, when his lady's hair is gleaming bright? Men do notice hair. . . never doubt it! Whether you're a well brushed sixteen or a sparkling silver-haired 60 your pretty hair will rate a second glance. If your tresses won't sparkle on their own, remember we're experts at putting bright lights into locks.

Gray Hair. . . or yellow grey? many of us just don't grey prettily. . . tresses have a way of yellowing, especially if you've given yourself a home wave recently. Why not let us rinse away the yellow streaks, and give you silver glints, where the dull spots used to be? We can make you a dramatic platinum grey or a glamorous smoky grey that's rich as velvet. And its all accomplished in a matter of moments, with a creamy color rinse that washes away when you wish it to!

"Saltwater Blonde" is gone! Now you can be ash-blond, blonde, or bright blonde. You can be a strawberry blonde, or a pinkish blonde. . . we'll do the rest or maybe your hair color is a dull uninspiring shade of brown. We can rescue your life as we brighten your hair with ash or Auburn tones. It can be done gradually, with a color rinse or you can have the stop you've always dreamed of, changing your hair color, with permanent coloring. We'll see that you are

In Yacht Club Races

Gordon, Chapman, Clark Win

Jack Gordon and Harry Chapman captured the expert class races with the skipperette event going to Ann Clark at Bay-Waterland Yacht Club last weekend after rain and squalls limited competition to three races.

Twelve races are on the docket for this weekend. Because several skippers are out of town and others need races to meet the required number for the season, several events are listed as open. These will be filled on a first come, first served basis but those skippers with the fewest races to date will be given preference over those with seven or more races sailed including those this weekend.

The Junior Lipton series is scheduled and several openings are expected in the A races. Skipperettes are urged to make every effort to sail as this is the final week before the Knott elimination series.

Saturday schedule is: 10:30 a.m., juniors—D. E. Taylor, Mike Pindexter, Duncan Lamb, Mike Plunkett, Bruce Thompson, Denise Seuzeneau; alternates Andre McDonald, Jackie Livadakis, 12:30 p.m., Class A—Jacques Livadakis, Alfred Watts, Topper Thompson, Edmund Fahey, Lars

Phillips, Chuck Breath; alternates, Bob Hamilton Jr., Barbara Quigley, 2 p.m., experts—W. J. Phillips, Leo Saki, Bill Watts, Leroy McFarland, Don Chamberlain Jr., Delg Brown; alternates, Harry Chapman, Jack Gordon, 2:45 p.m., skipperettes—Betty Ann Gordon, Diane Taylor, Bay Chamberlain, Virginia Wagner, Ann Chapman, Caroline Argus; alternates, Violet Collins, Ann Clark; 4 p.m., experts—Bill Argus sr., Henry Baltar, Jim McDonald, Bert Quigley, two open; alternates, Carl Marshall, King Socola; 4:45 p.m., Class A—Dave Pindexter, Walter Chamberlain, Fred Wagner, Bob Hamilton, Billy Blanke, Ned Heath; alternates Ray Stieffel, Lars Phillips.

Sunday: 10:30 a.m., Class A—Ray Stieffel, John Dupiquer, Jacques Livadakis, George Lehlmer, Waldo Odis, Billy Blanke, alternates, Chuck Breath, Betty Ann Gordon; 1:30 p.m., experts—King Socola, Leroy McFarland, Don Chamberlain sr., Delg Brown, two open; alternates, Gary Taylor, open; 2:30 p.m., skipperettes—Betty Doyle, Barbara Quigley, Martha Jane Collins; Am Stieffel, Caryl Prence, Judy Reeves; Alternates,

Virginia Wagner, Wynn Heath; 3:30 p.m., experts—Bill Argus Jr., Henry Baltar, Carl Marshall, Jim McDonald, two open; alternates, Bill Watts, Ed Heath; 4:30 p.m., experts—J. A. C. Gordon, Bobby Bob, Gary Taylor, Ed Heath, Don Chamberlain Jr., open; alternates, Don Pindexter, B. Shoulda Gone Fishin'

BY EDDIE ENGELHORN

"It's just too hot," said the fisherman as he expired at our feet on the highway bridge Sunday morning. At least that's what his expression seemed to say. It was a dirty white trout not much larger than the Mirror lure he was using. Felt so sorry for the poor fellow. Our companions were going to take us up Pearl River didn't show. Reports from fresh water anglers who worked the Pearl River and Mulatto Bayou areas have been good for the past few weeks, the bass are biting, popping bugs and deep running. Belt perchers are also taking home the bacon. Specified trout haven't been very cooperative and seem to have deserted the vicinity for the month of next month. Plenty of crabs and other varieties are out along with a few ducks.

Game Warden Randolph Bourque said he and several other officers caught a few more of the same variety. Bourque said he caught a few more of the same variety. Bourque said he caught a few more of the same variety.

Griffin, Lang Win Ladies Day Prizes at PCI

John Griffin and Mrs. Lang took home prizes in the low net play staged for ladies Tuesday at Pass Christian Golf Club. Mrs. Griffin won the 18-hole class with a net 80, followed by D. Hendrix and John Lang with 78s having won previously in the month while the net prize went to Mrs. Lang with a net 35.

Announcement was made that the August monthly match play is to be conducted on Tuesday.

Others participating and enjoying the luncheon were Messrs. W. T. Johnston, Tom McAdams, Ed Gamard, Guy Bufkin, Dick Hickey, Dick Tarleton, Gary Spence, A. M. Phelan, Walter Russo, Ed Perry, Dick Ashman, Warren Griffin, Powell Glass Jr., Roy Saux, Woody Waggoner and the Misses Dianne Griffin, Maud and Julia Frye. Guests were Mesdames James A. Willis of Jackson and Dan M. Pate of New Orleans.

Girls Split Doubleheader With Jefferson All-Stars

The Lady of the Gulf girls' softball team traveled to New Orleans Sunday and split a doubleheader with the West Jefferson all-star team at Morrero Ground. Plans for a return trip here are in the making.

OLG took the first game 17-9 which was played according to local rules, including easy pitching and no base stealing, but the nightcap 19-11 played under Louisiana regulations. Judy Parre and Dale Seller pitched the winning game with Margo Jacob behind the plate.

The girls traveled in three cars driven by the Rev. Adrian Marston, Mrs. Joseph V. Colson and Mrs. Ivan Bradford. They were treated to dinner at a New Orleans restaurant and visited with teammates Mary Jo and Elizabeth Kriger, Mary Joplin and the Jefferson all-stars.

MEAT FLAVOR is not Enough... Your Dog Needs MEAT

Rose's Dog Food is MEAT

YOUR FAVORITE GROCERY

Plenty of deer have been seen crossing roads all over the county. Leonard and Norman Levenson Jr., 524 Beach Blvd., Waveland, go fishing off the seawall every morning about daybreak and recently caught 32 croakers, two big speckled trout, and a big batch of crabs, four or five dozen. Mamma made gumbo with them.

Al Kingston said Tuesday he had been talked into taking his two daughters, Carrie Lee and Doris Mae, fishing Wednesday. Said he planned to go out front somewhere but we haven't heard the results. Says he has the only lure in the world that is guaranteed to catch fish anytime. It is a silver dollar with swivel and triple hook attached. "If it doesn't catch anything, bring it to Slim's."

Jeanne Larroux says her daddy wears the most horrible fishing caps you ever saw goes down to Jerome's and comes back with about 17 of them. Won't wear the one she bought for him, Ivy League style with a little feather on the side.

Of interest to local sportsmen is the firing of First District Game Warden Supervisor Lamar Switzer of Handsboro, a well-known figure in the local fish and game world. He has been guest speaker at many Gun and Rod Club dinners. After eight years as supervisor he was replaced by George E. Bone of Landon it was announced by John Camp, director of the state game and fish commission. Politics was given as the reason by Switzer. He is the 10th of 14 district supervisors to be fired by the commission during the past four weeks.

Frank Embrey hasn't been fishing since he retired, hasn't had time. Specialist L. A. Jones of Keesler Field told us of an underwater flounder light designed by a Chief Heggen of the field. Uses three lights and a 12-volt battery.

In Women's Softball

Bankston Tops A&A

Bankston continued its winning form last week beating A and A 7-3 Sunday afternoon in the only game played in women's softball league during the week. A and A appeared headed for its first win of the season leading 2-0 until the last inning when pitcher Cora Mae Vetter went wild giving up four free passes. Bankston's sluggers found their batting eye and racked up seven runs to move into a tie for second place in the league, Don's remaining undefeated and OLG holding their 4-2 record. Winning pitcher was Bobbie Bankston. The game had been scheduled for Thursday but was rained out along with the L and N - Don's game.

CAUGHT STRETCHING - After Buddy Pitalo had crossed the plate to tie the score in the last inning at 4-4, Raymond Strong of Trapani's tried to score the winning run but was thrown out by Coast Electric's catcher Monday night at City Ball Park.

Scoops, Diggers Stage Upset Wins

Feature attraction on the Little League baseball card Tuesday night was the Sea Coast Echo Scoops 14-0 shutout of St. Williams of Del-Isle which had gone into the game a heavy favorite with a 14 win 2 loss record and a 19-8 victory over the Picayune all-stars. Nodie Ladner was the winning pitcher although relieved by Danny Henry in the fifth who finished the seven-inning contest. Johnny Penton and Harvey Mitchell led the winners at bat with two hits each. The game did not affect league standings as St. Williams is not a member of the Bay League.

In an afternoon game cellar dwelling Ken's Little Diggers pulled another upset by beating first place Coast Electric 6-5 in an extra inning. Winning pitcher was Bennie Starita, loser Monti Rhodes. Starita and Bert Chevils led the Diggers with two hits each and Dickey Geoffrey and

Rhodes each collected two of the losers. Winding up the tripleheader Youth Center beat Fahey 5-1 in an abbreviated game, the affair having been limited to five innings. Curtis Matherne was winning pitcher, Charles Breland loser. Leading hitter for Youth Center was Michael Lee while Charles Breland got three for three for Fahey to give him seven hits in eight times at bat in two games. Friday afternoon Coast Electric defeated 7-Up 8-4 behind the fine twirling of Monti Rhodes who gave up only four hits. Pat

Little League Standings

Little League baseball standings through Tuesday are:

12 TO 16 AGE GROUP			
Echo	1	0	0
Summy	1	0	0
Youth Center	1	1	1 1/2
Fahey	0	2	1 1/2

9 TO 12 AGE GROUP			
Coast Electric	2	1	0
Jr. Sheriffs	1	1	0
7-Up	1	1	1
Diggers	1	2	1 1/2

Cullen was the loser with seven hits, Coast Electric's David Ollmeyer with three for three and Rhodes with two for three were the leading hitters. Ronnie Genin scored three runs for the winners. All other games were rained out.

Traps Halt Threat

Coast Electric was breathing down Trapani's neck Monday night in City Ball Park, leading most of the way, but the Trapani sluggers evened the score in the last inning and went on to take the game in the ninth 5-4 when Buddy Pitalo scored after slugging out a double. It was the last opportunity to knock Trapani out of the top slot in league standings and leaves Coast Electric, with the aid of a miracle, with the chance to end the season in a tie with Trapani for first place.

Trapani has two games to play, Kiln July 25 and Youth Center Aug. 1. Coast Electric has three, Youth Center July 22, Steffel July 29 and KC Aug. 1. Trapani would have to lose both its games and Coast Electric would need three consecutive wins to tie up the Traps. In the nightcap Monday Youth Center swamped Regal 20-8 to move within a half game of second place.

Fans witnessed two exciting games Friday when Bankston edged Coast Electric 6-5 and Carter squeaked by Kiln 7-6. Lieutenant Pressley N. O' Bannon was in charge of the Marines who raised the American flag over the Barbary fortress at Derne, Tripoli in 1805.

Among the most pronounced strides made by Mississippians in our time is in their pursuit of health.

Mississippi's fight against contagious and infectious diseases provides a dramatic chapter in its development. The conquering of yellow, malarial, and typhoid fevers, the control of small pox, diphtheria, scarlet fever, polio, tuberculosis and pellagra, and the eradication of the hook worm and Texas cattle tick are a credit to our pioneers in medicine and sanitation.

With a mild climate conducive to out-of-doors living, and use of the miracle drugs, serums and vaccination, good health becomes a major objective of our friendly people.

Superstition gave way to science. Improved nutrition, preventive medical practices and modern sanitation provide purer water, milk, and air. Mississippians live longer and better than ever before, in a state rating high in her per capita birth rate and low in her per capita death rate.

Obviously electricity plays an important part in the progress Mississippi makes in her pursuit of health. Providing better lighting, cooking, refrigeration, and air conditioning, electricity is economical -- the cleanest, most convenient and most versatile source of energy known to mankind.

In the home, in the school, and in the hospital, on farm and in factory, electricity makes it easier for Mississippians to live healthier, longer and more prosperous lives, as we work together to create a more wholesome environment in which to live and rear children.
